

PENETROL® DRY | Dry Surfactant

BENEFITS

- Dry surfactant
- Mixes easily at low shear
- Cost effective
- NSF approved

APPLICATIONS

- Compatible with bentonite and polymer drilling fluids
- Reduces or eliminates bit, reamer balling, boots
- Minimizes differential sticking

ADVANTAGES

- Minimal foaming, no entraining of foam in fluid system
- Effective at low concentrations 0.5 lbs to 1lb/100 gallons (0.6 kg/m³)
- Help inhibit shale swelling and disintegration
